*The United Nations Habitat Assembly,*

*Recalling* General Assembly resolution 69/313 of 27 July 2015 endorsing the Addis Ababa Action Agenda and its affirmation of a strong political commitment to addressing the challenge of financing and creating an enabling environment at all levels for sustainable development, and noting the challenges faced by many countries in falling behind, the dramatic increase in inequalities, and the possibility of solutions through the strengthening of public policies,

*Noting* the stipulations of the Istanbul Declaration on Human Settlements and the Habitat Agenda<sup>1</sup> of June 1996, specifically paragraph 13 on the need to mobilize financial resources at the national and international levels, including new and additional resources from all sources – multilateral and bilateral, public and private,

*Affirming* the importance of the effective implementation of resolutions adopted by the United Nations Habitat Assembly for achieving their intended goals in furtherance of the sustainable development aspirations of Member States,

*Noting* the importance of increasing contributions to the non-earmarked fund of the United Nations Habitat and Human Settlements Foundation by diversifying the donor base, including with regard to the implementation of resolutions,

*Recognizing* the challenges posed by the absence of effective financing and monitoring mechanisms in achieving the goals of resolutions adopted by the United Nations Habitat Assembly, and the effect of that absence on confidence in the organization and faith in multilateralism,

*Recalling* the commitments made in the 2030 Agenda for Sustainable Development to ensuring effective implementation of the Sustainable Development Goals,

*Acknowledging* the need to establish a comprehensive framework for financing resolutions adopted by the United Nations Habitat Assembly and monitoring their implementation,

1. *Requests* the Executive Director of the United Nations Human Settlements Programme (UN-Habitat) to implement, in consultation with the Executive Board of UN-Habitat, a system, readily accessible to Member States, for tracking the status of the implementation of resolutions adopted by the United Nations Habitat Assembly, in order to ensure accountability and transparency;

---

<sup>1</sup> A/CONF.165/14.

2. *Also requests* the Executive Director to continue to report regularly on the status of the implementation of resolutions adopted by the United Nations Habitat Assembly to the appropriate bodies for review and action as needed;
3. *Decides* to establish an urban action funding window within the United Nations Habitat and Human Settlements Foundation to attract and manage funds from donors to fund the implementation of resolutions adopted by the United Nations Habitat Assembly that lack adequate financing; such funds may be raised from, among other sources, non-earmarked contributions designated for this purpose, as well as unspent balances of earmarked project contributions, with the permission of the donor;
4. *Requests* the Executive Director, in consultation with the Executive Board, to develop the terms of reference of the urban action funding window, noting the need to achieve the implementation of United Nations Habitat Assembly resolutions in a balanced manner;
